CBIZ Flex-Pay's platform consists of a full-suite HCM cloud solution delivering end-to-end employee lifecycle management for the entire workforce, who can be a mix of hourly, salary, geographically dispersed, and mobile. Its comprehensive toolset integrates HR, time and attendance, payroll, scheduling, and more for managing and nurturing an organization's most valuable asset from pre-hire to retire — giving managers single-source access to real-time employee data for driving productivity, increasing employee engagement, and making more informed business decisions. Our ability to provide our clients with a variety of products they need when they need them with individualized customer service sets us apart! NCBA members are eligible for an in-depth payroll analysis from CBIZ Flex-Pay at no cost and receive special rates, contact us today for details!
